Founded in 1969, Sonepar is an independent family-owned company which leads the global market in B-to-B distribution of electrical products, solutions and related services. Drawing on the skill and passion of its associates, every day Sonepar delivers an enhanced level of services and experiences to its customers. Sonepar's ambition is to be "La Référence" - the standard-setter for all its stakeholders.

In 2018, we created an original strategic plan called "Impact", which is focused on the following four pillars:

- **performance**, because without profit, Sonepar cannot invest and grow;
- **people**, creating progressive programs to guide our teams into the future and through the digital transition;
- **customers**, focusing on compliance and an increasingly customer centric organization and experience; and
- **planet**, with key priorities on the environment, long-term sustainability, and society.

Sonepar's history is one of continuous adaptation to new practices and customer and product bases built on our fundamental and long-standing core values. We pride ourselves on our ability to execute. We also recognize that key attributes like integrity, honesty and trust are what make Sonepar successful. When we face difficult decisions during the course of our work, ethics,

compliance and integrity remain our highest priorities and we demand the same from those around us.

We come from many places and operational units, but are committed to shared values, rules of governance and principles of action to drive sound and sustainable growth.

We believe that integrity, fairness, trust and respect should never be sacrificed in the pursuit of profits. For Sonepar, complying with legal and ethical standards is central to having a sustainable business. Our focus on **compliance** is a source of added value that helps to ensure our long-term growth.

Our commitment is formalized in this Code of Conduct. However, it is your actions and decisions, as associates, that determine our ability to operate as an ethical group. You are the first line of defense against violations of the Code of Conduct. We count on you to come forward with your concerns if you see or suspect unethical behavior by contacting your manager or Sonepar's Legal, Risk & Compliance Network or by using our whistleblowing procedure.

We thank you for your contribution to Sonepar's success and for upholding and abiding by this Code of Conduct.

We are Sonepar. We are Powered by Difference.

INTRODUCTION

The Sonepar Group ("**Sonepar**") is committed to complying with the laws that govern its activities. This commitment to acting ethically and with integrity was formalized in the first version of our Code of Conduct in December 2017.

This revised Code of Conduct builds on the previous version by addressing regulatory developments, incorporating insights based on practical experience and drawing upon Sonepar's corruption and influence peddling risk mapping.

The Code of Conduct becomes effective as of January 2020. It will be updated from time to time.

It is publicly available on Sonepar's Corporate website : www.sonepar.com.

"Compliance everywhere, every day is key to continue ensuring Sonepar's long-term success!"

GOVERNANCE AND RESPONSIBILITY

COMPLIANCE WITH SONEPAR'S CODE OF CONDUCT IS THE SHARED RESPONSIBILITY OF EACH MANAGER AND ASSOCIATE THROUGHOUT SONEPAR.

Specific governance responsibilities are identified at each level of the organization with additional expectations defined for managers. The Code is intended as a reference to help guide the decisions and actions of us all, supplemented by the advice of the Legal, Risk & Compliance Network and relevant departments.

INDIVIDUAL RESPONSIBILITIES

All associates are expected to be familiar with the Code of Conduct and its related Policies and Procedures, to comply with their principles and rules and to behave in an ethical manner in all circumstances.

Managers have additional responsibilities and play a key role in ensuring compliance, including:

- discussing and promoting the principles and rules set out in the Code of Conduct and its related Policies and Procedures with their teams and with business partners;

- establishing and maintaining a climate of trust that makes associates feel comfortable in asking questions or raising concerns;

- leading by example;

- ensuring effective implementation of the Code of Conduct and its related Policies and Procedures, and responding to questions;

- consulting the Legal, Risk & Compliance Network, when in doubt, and reporting and escalating concerns.

IMPLEMENTATION AND COMPLIANCE WITH THE CODE OF CONDUCT

TO WHOM DOES THE CODE OF CONDUCT APPLY?

The Code of Conduct applies across Sonepar to **all associates** in all operating companies worldwide, including without limitation controlled joint ventures.

Where Sonepar is a minority shareholder in a **joint venture**, we seek to ensure that the majority shareholders and management abide by the principles of the Code of Conduct and apply equivalent standards.

Sonepar expects **all business partners** to comply with Sonepar's high ethical standards. In addition to the Code of Conduct, specific standards are defined in the Supplier Code of Conduct.

LOCAL CODES OF CONDUCT

Sonepar operates in dozens of countries, each with unique legal and regulatory requirements.

Sonepar has adopted this global Code of Conduct to provide an overview of the commitments, rules and processes that govern our daily global operations. In some countries, more stringent laws and regulations may apply.

If this Code of Conduct conflicts with a local Sonepar code of conduct, this Code of Conduct prevails, unless the local code of conduct sets out more stringent requirements.

HOW TO MAKE THE RIGHT DECISION?

The Code of Conduct sets out the rules that **all associates** must follow and provides resources to help them in addressing questions that may arise in a variety of situations.

The following chapters present summary information on each topic and define what is potentially at stake as well as the **DOs** and **DON'Ts**.

The Code of Conduct is designed as a guide to help associates deal with most of the situations they may face in their day-to-day business activities that might pose integrity or ethical questions. However, the Code of Conduct cannot anticipate all situations they may encounter.

Making ethical decisions can seem complicated as it often involves making decisions that go beyond simply respecting a set of rules. In such situations, we are all expected to use our best judgment to make good decisions and to consult identified resources for advice.

MAKING THE RIGHT DECISION

When in doubt, always ask yourself the following questions:

Seek advice!

If the answer to any of the above questions causes you concern, do not keep it to yourself. Speak to your manager, someone from the Legal, Risk & Compliance Network, your HR Department or other Sonepar resources. They will be able to assist you!

WHAT HAPPENS IN CASE OF NON-COMPLIANCE WITH THE CODE OF CONDUCT?

Failure to respect the Code of Conduct and its related Policies and Procedures may have major adverse consequences. These consequences can be serious not only for Sonepar but also for the involved individuals and can include, among others, disciplinary sanctions, fines, imprisonment, and damaged reputation.

All violations to the Code of Conduct or its related Policies and Procedures are treated as serious matters.

Failure to comply may result in disciplinary sanctions, up to and including termination of employment, and potential legal actions against the offenders.

HOW TO RAISE A CONCERN?

SONEPAR HAS ESTABLISHED A WHISTLEBLOWING PROCEDURE TO PROVIDE A WAY FOR ASSOCIATES, BUSINESS PARTNERS OR ANY THIRD PARTIES TO REPORT POSSIBLE VIOLATIONS OF THE LAW OR SONEPAR'S CODE OF CONDUCT, POLICIES AND PROCEDURES. MANAGERS, ASSOCIATES AND ANYONE CONTRACTUALLY WORKING FOR SONEPAR ARE ENCOURAGED TO REPORT ANY VIOLATIONS OR POSSIBLE VIOLATIONS.

In most instances, an associate's manager is the preferred option for reporting such concerns. However, if an associate is uncomfortable sharing concerns with his/her management, Human Resources, the General Counsel's Office (groupcompliance@sonepar.com) and the Legal, Risk & Compliance Network are available to hear concerns.

If an associate wishes to make a report without directly interacting with Sonepar's personnel, or if the person wishing to report is outside Sonepar, a whistleblowing platform is available.

The whistleblowing platform is managed by a prominent third-party provider chosen by Sonepar for this service. Reports can be made 24 hours a day, in 20 different languages.

The platform can be accessed via the following link: www.sonepar.com/alert.

All reports made in good faith under this procedure remain confidential regardless of how they are notified.

Sonepar prohibits retaliation for any whistleblower who reports in good faith a suspected or actual violation.

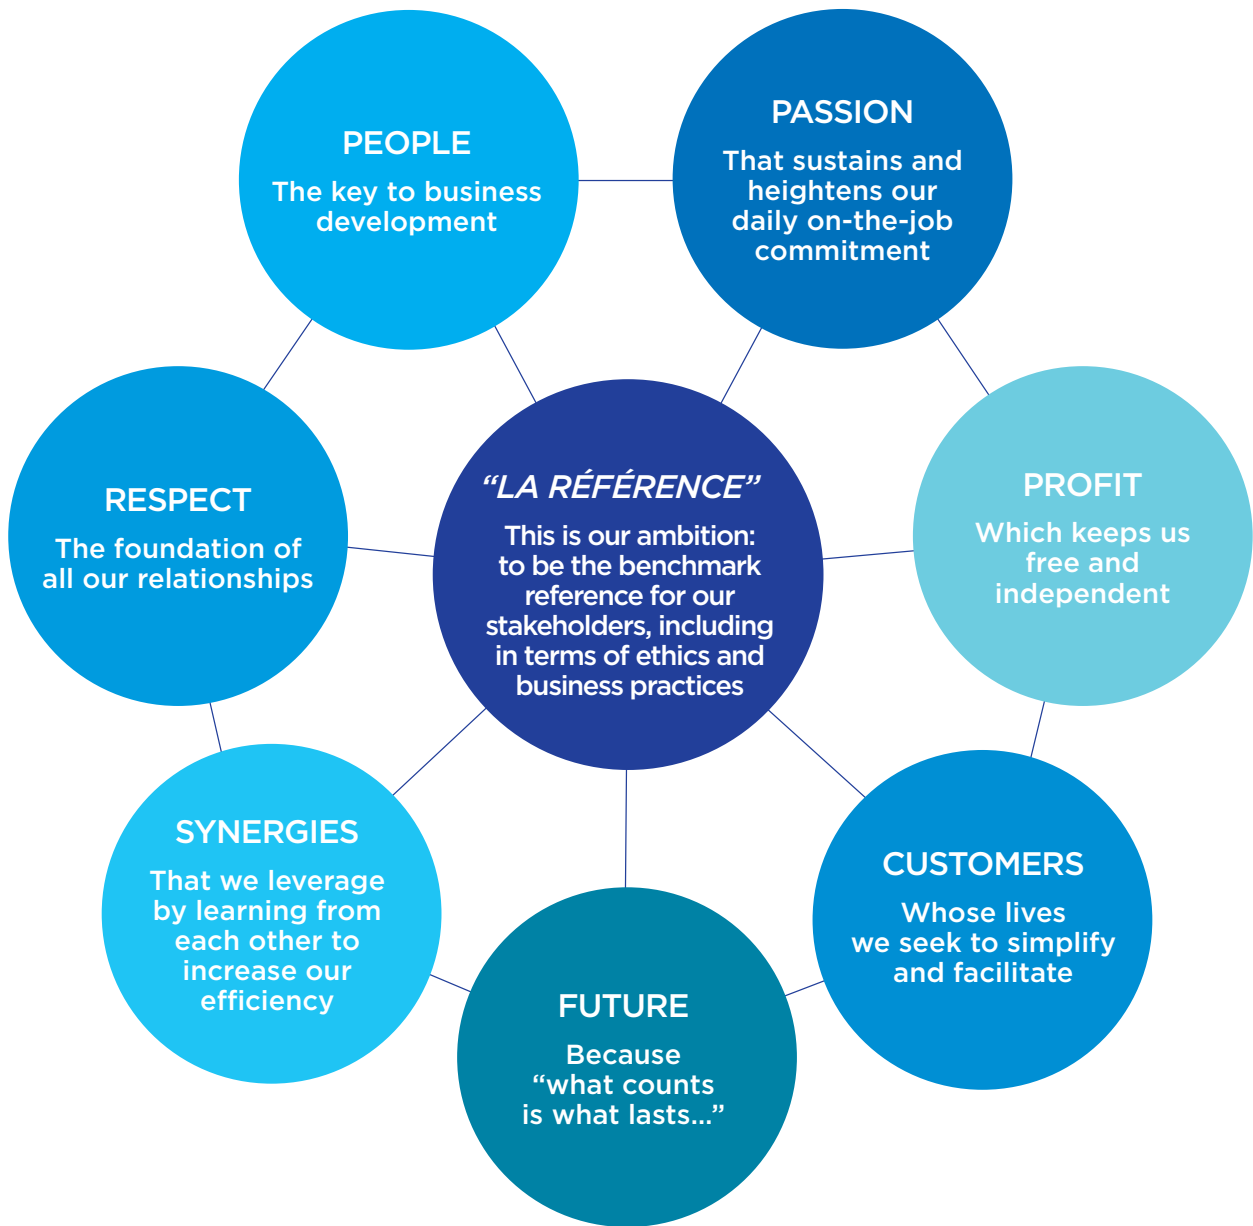

MORE INFORMATION

- For additional details, please consult Sonepar's Whistleblowing Procedure.
- For questions about this procedure, associates may consult their manager, the General Counsel's Office at groupcompliance@sonepar.com, the Human Resources Department or Sonepar's external third-party whistleblowing reporting system at www.sonepar.com/alert.

WE WORK TO ENSURE THAT THE CONDUCT OF ALL ASSOCIATES IS CONSISTENT WITH INTERNATIONAL STANDARDS.

WHAT IS AT STAKE?

The **individual development** of each associate and a **positive work environment** are necessary conditions for the collective success of Sonepar.

Millions of people are in forced labor today, and almost all countries are affected. Forced labor and child labor are closely linked and should never be tolerated in our work environment or by our business partners.

The **OECD Guidelines for Multinational Enterprises** are recommendations addressed by governments to multinational enterprises on principles and standards for responsible business conduct in a global context.

The **International Labour Organization** is a United Nations agency that promotes internationally recognized human and labor rights. ILO brings together employers, employee representatives and 187 Member States to set labor standards, develop policies and programs promoting decent work standards for all women and men.

Forced labor is any work or service performed against a person's will under the threat of punishment.

Child labor refers to work for children under a certain age.

SONEPAR PROMOTES A WORKPLACE FREE FROM ANY FORM OF DISCRIMINATION, BULLYING OR HARASSMENT TOWARDS ASSOCIATES, CONTRACTORS OR CANDIDATES FOR EMPLOYMENT.

WHAT IS AT STAKE?

Bullying, harassment and discrimination may cause a deterioration of working conditions and may harm associates' physical or mental health or their career.

WHAT YOU NEED TO KNOW

Social media includes any digital communication channels that allow individuals to create and share content and post comments: social networking sites, video and photo platforms, blogs, etc.

Whether you use social media is entirely up to you. But it is important to know that all the posts and comments you share on a social media are public – they can be seen by anyone, whether they are in your social network or not.

Many of you include details of where you work on our social media and all of you are, to some extent, ambassadors for Sonepar and its brands when you are posting on social media.

PROTECTING OUR IMAGE WHEN USING SOCIAL MEDIA

THE EXPLOSION OF SOCIAL MEDIA HAS CHANGED THE WAY INFORMATION IS SHARED IN DAILY PERSONAL AND PROFESSIONAL LIVES.

WHILE SOCIAL MEDIA CREATES NEW OPPORTUNITIES FOR COMMUNICATION AND COLLABORATION, USE OF SOCIAL MEDIA ALSO BRINGS ADDITIONAL RESPONSIBILITIES THAT YOU MUST KNOW AND FOLLOW AS ASSOCIATES OF SONEPAR.

WHAT IS AT STAKE?

You are all **ambassadors for Sonepar and its brands** when you post on social media.

What any of you communicates through social media, whether in a professional or personal capacity, can have implications for us as individuals, Sonepar and our fellow associates. PRIVACY AND CYBER SECURITY

SONEPAR RESPECTS THE PRIVACY OF ALL ITS ASSOCIATES, BUSINESS PARTNERS AND OTHER STAKEHOLDERS.

WHAT IS AT STAKE?

A **data breach** can have a range of devastating consequences for any business. It can damage a company's reputation through the loss of trust by partners and other stakeholders. Non-compliance with data protection regulations and privacy laws may result in loss of revenue and legal sanctions. A strong company-wide commitment to cybersecurity is essential.

Under its *IT Security Policy*, Sonepar requires that measures are in place to ensure the confidentiality of personal data, and to restrict access of this data to those users who are authorized to view or maintain it.

WHAT YOU NEED TO KNOW

The world relies on technology more than ever before. As a result, digital data creation has surged. Today, businesses and governments store and transmit data electronically. Devices and their underlying systems have vulnerabilities that, when exploited, undermine the health and objectives of an organization.

OUR STANDARDS

AS A BUSINESS

“We are all responsible for making compliance a vital part of our business and success! The Legal, Risk & Compliance Network can assist you whenever there is any doubt about an existing situation or proposed course of action.”

**Olivier CATHERINE,
General Counsel**

BUSINESS INTEGRITY

SONEPAR BUILDS RELATIONSHIPS BASED ON TRUST. WE APPLY A ZERO-TOLERANCE POLICY TO BRIBERY, CORRUPTION AND INFLUENCE PEDDLING IN ALL ITS FORMS. THIS CODE EXTENDS TO OUR BUSINESS PARTNERS WHO WE EXPECT TO COMPLY WITH SONEPAR'S HIGH ETHICAL STANDARDS.

WHAT IS AT STAKE?

Criminal sanctions can be harsh for both the associate(s) at fault and Sonepar.

Certain countries (for example, the United States, the United Kingdom and France) have laws that allow authorities to take action against corruption committed by individuals or companies **beyond such countries' borders**. Anyone who violates these rules may

therefore be subject to prosecution in another country, regardless of where the individual works or resides.

Other **major adverse impacts** on Sonepar include damage to reputation, loss of contracts, exclusion from public tenders, fines and unavailability of insurance coverage.

WHAT ARE YOUR RESPONSIBILITIES?

DOs

- Strictly adhere to Sonepar's Anti-corruption Policy.
- Conduct due diligence to check the integrity of our business partners prior to doing business with them.
- Regularly update assessments of a business partner's risk level.
- Properly record all expenses in the relevant entity's accounts.
- Retain appropriate records or supporting documents.

DON'Ts

- Offer, promise or give any undue advantage to secure business, influence the award of a contract or a public bid or obtain a favorable decision.
- Use third parties to do something that we do not have the right to do directly.
- Use personal funds to do something that we do not have the right to do.
- Continue working with a business partner that fails to comply with Sonepar's business integrity standards.
- Make any facilitation payment.

No associate will ever be disciplined for refusing to pay a bribe, regardless of its impact on sales, profitability, project completion, or any other aspects of our business.

WHAT YOU NEED TO KNOW

Corruption includes offering, promising, giving, soliciting or accepting an undue advantage, whether financial or non-financial, directly or indirectly, to encourage or reward a person to secure business, influence the award of a contract or a public bid or obtain a favorable decision.

Corruption generally involves at least two parties:

- the party who uses its power or influence in exchange for an undue advantage; and
- the party who offers or provides this undue advantage.

A person who facilitates an act of corruption is an accomplice, and one who benefits from this act by receiving the undue advantage is a receiver. They are personally liable for these actions.

Influence peddling is the unlawful use of one's position or influence on someone's behalf in exchange for money or favors.

Corruption is deemed to exist even if:

- the person who offers the undue advantage acts through a third party;
- the person who receives the undue advantage is not its end-beneficiary;
- the fraudulent action and the granting of the undue advantage do not take place simultaneously (the undue advantage may be granted in advance or at a later date);
- the undue advantage is in a non-monetary form;
- the beneficiary is a public-sector employee or a private-sector employee.

Corruption and influence peddling are illegal in virtually every country and are strictly prohibited by this Code of Conduct.

Although permitted in certain jurisdictions in limited situations, facilitation payments to secure or expedite a routine or necessary procedure or action by a public official to which the payer of the facilitation payment is legally entitled are prohibited within Sonepar.

MORE INFORMATION

- Additional information and guidelines can be found in *Sonepar's Anti-corruption Policy*.
- Have questions or concerns? When in doubt, ask your manager or the Legal, Risk & Compliance Network.

WHAT YOU NEED TO KNOW

A gift can be a wide array of benefits, including material objects such as a pen, a book, a bottle of wine or box of chocolates. A gift can also be the payment of an expense, such as travel or hotel expenses.

An invitation can be an offer to share an enjoyable period of time or event exclusively or partially for business purposes such as a meal at a restaurant, a show or a trip.

GIFTS AND INVITATIONS

WHILE IT MAY BE APPROPRIATE AND CUSTOMARY IN SOME INSTANCES TO OFFER OR RECEIVE GIFTS IN ORDER TO STRENGTHEN BUSINESS RELATIONSHIPS OR AS A MERE MATTER OF COURTESY, SONEPAR ASSOCIATES MUST ENSURE THEY DO NOT AFFECT BUSINESS DECISION-MAKING OR IMPEDE GOOD JUDGMENT.

WHAT IS AT STAKE?

If Sonepar's **business practices** are considered to have been impacted by gifts or invitations, the company and its associates may be subject to corruption charges, loss of business and reputational harm.

A good way to assess the legitimacy of a gift or invitation is to ask the following questions:

- Is the frequency of such gift or invitation reasonable? → NO
- Is the gift or invitation made with sufficient transparency? → NO
- Is there a legitimate business justification for the gift or invitation? → NO
- Would you or Sonepar be comfortable if the press were aware of the gift or invitation? → NO

If you answer **NO** to any of these questions, the recommendation is to **abstain**.

WHAT ARE YOUR RESPONSIBILITIES?

DOs

- Strictly follow Sonepar's Anti-corruption Policy and your local gift policy.
- Obtain preapproval from your supervisor if the gift or invitation exceeds the authorized threshold.
- Offer gifts or invitations in good faith and only for the purpose of building or maintaining legitimate business relationships.
- Only offer gifts or invitations of reasonable value.
- Report gifts or invitations in accordance with local accounting and compliance procedures.

DON'Ts

Make or receive:

- Any gift or invitation in connection with a negotiation, sale or tender process.
- Any gift or invitation with an expectation of reciprocity.
- Any gift in the form of cash or cash equivalent.
- Any gift in the form of excessive services or other non-cash benefits.
- Lavish gifts or invitations.

MORE INFORMATION

- Additional information and guidelines can be found in *Sonepar's Anti-corruption Policy*.
- Have questions or concerns? When in doubt, ask your manager or the Legal, Risk & Compliance Network.

CONFLICT OF INTEREST

SONEPAR'S HIGH STANDARDS OF INTEGRITY REQUIRE THAT OUR ASSOCIATES ACT IN THE BEST INTERESTS OF SONEPAR AND OUR STAKEHOLDERS. ASSOCIATES ARE EXPECTED TO ALWAYS BE AWARE OF AND AVOID ANY POTENTIAL CONFLICTS OF INTEREST.

WHAT YOU NEED TO KNOW

A **conflict of interest** arises when an associate's private interests interfere, may interfere, or may give the impression of interfering with his/her professional responsibilities as an associate. Common examples of conflict of interest situations include personal workplace relationships such as hiring or supervising a closely related person, or promoting personal financial interests without appropriate disclosure and approval.

A **conflict of interest** may affect your ability to act impartially or raise doubts about your ability to fulfill your responsibilities objectively.

WHAT IS AT STAKE?

A conflict of interest, in which the associate's or a third party's personal interests take precedence over Sonepar's interests, can **jeopardize the quality and legality of a decision or an action**.

The appearance or actual existence of a conflict of interest can damage

Sonepar's image, reputation and business and can create financial risks for Sonepar.

An associate or a third party acting against Sonepar's interests due to a conflict may be held liable, thereby risking disciplinary action.

WHAT ARE YOUR RESPONSIBILITIES?

DOs

- Ensure that your decisions and actions are consistent with Sonepar's interests and are not influenced by any personal interests.
- Act with transparency and objectivity while assessing situations that might represent a conflict of interest.
- Identify and report in writing any actual or potential conflict of interest to avoid ambiguity.
- Remove yourself from the decision-making process when a conflict of interest arises or may arise.

DON'Ts

- Abuse Sonepar's resources or use Sonepar's name for personal gain.
- Exert influence on the employment, performance assessment or remuneration of a friend or relative.
- Award a contract or influence the award of a contract to an entity in which you or a close relation has an interest.
- Conceal any information on any actual or potential conflict of interest.

MORE INFORMATION

- Additional information and rules can be found in *Sonepar's Conflict of Interest Policy*.
- Have questions or concerns? When in doubt, ask your manager or the Legal, Risk & Compliance Network.
- In certain circumstances, associates may be required to complete a "Statement of Conflict of Interest".

FAIR COMPETITION

SONEPAR IS COMMITTED TO CONDUCTING ITS BUSINESS ACTIVITIES OPENLY AND FAIRLY, IN FULL COMPLIANCE WITH THE COMPETITION LAWS AND REGULATIONS OF THE JURISDICTIONS IN WHICH IT DOES BUSINESS.

WE MAKE CLEAR TO OUR ASSOCIATES AND BUSINESS PARTNERS THAT WE TAKE THESE REGULATIONS VERY SERIOUSLY AND EXPECT THEIR STRICT COMPLIANCE.

WHAT YOU NEED TO KNOW

Competition laws promote **free and fair competition** for the benefit of all business partners.

These laws generally:

- prohibit agreements or understandings between competitors that undermine competition;
- regulate the behavior of dominant companies;
- require prior review and, in some instances, clearance for mergers, acquisitions and certain other transactions, in order to prevent transactions that would substantially reduce competition.

These laws are complex and vary considerably from country to country. Conduct permissible in one country can be unlawful in another.

WHAT IS AT STAKE?

Violation of competition laws may be severely sanctioned by **competition authorities**.

They can also lead to:

- damage to Sonepar's reputation;
- civil lawsuits brought by potential victims of anticompetitive practices;

POLITICAL CONTRIBUTIONS AND LOBBYING

SONEPAR MAY SOMETIMES PROACTIVELY PARTICIPATE IN THE PUBLIC DECISION-MAKING PROCESS IN THE COUNTRIES IN WHICH WE OPERATE.

SONEPAR RESPECTS ASSOCIATES' RIGHTS TO PARTICIPATE AS INDIVIDUALS IN POLITICAL ACTIVITIES PROVIDED THAT THEY DO NOT REPRESENT SONEPAR.

WHAT YOU NEED TO KNOW

Lobbying actions relate to activities designed to influence the decisions or directives of a government or public institution.

Political contributions mean any contribution, whether made in cash or in kind, to support a political cause, party, candidate, action committee, campaign or official.

WHAT IS AT STAKE?

Actively contributing to the public policy decision-making process is an integral part of the democratic process and a legitimate activity as it enables the views of different social interests to be taken into account.

In some cases, however, **lobbying may constitute corruption or influence peddling** if an undue advantage is offered or received in order to encourage a person of influence to support a law, regulation and/or decision favorable to Sonepar or detrimental to competitors.

WHAT ARE YOUR RESPONSIBILITIES?

WHAT YOU NEED TO KNOW

Economic sanctions and trade embargoes restrict activities with or involving certain countries, territories, business sectors, specific goods and blocked persons. Sonepar is committed to conducting business in compliance with all applicable trade and financial sanctions imposed by the U.S. Office of Foreign Assets Control (OFAC), the European Union and other national or international authorities.

It is therefore critical to determine if import or export control regulations apply to any particular transaction. Due diligence must be conducted to ensure the foreign customer or supplier is not a blocked person, like an OFAC Specially Designated National (SDN), or is not owned, directly or indirectly, 50% or more by one or more such blocked persons.

Certain countries, such as the United States, have anti-boycott laws and regulations that prohibit their nationals and companies from complying with or supporting a country's boycott of another country that is not approved by the government. It is Sonepar's policy to comply with any applicable anti-boycott laws.

INTERNATIONAL TRADE CONTROL

THE SELLING OF IMPORTED OR EXPORTED PRODUCTS, MATERIALS OR TECHNOLOGIES MAY BE SUBJECT TO SPECIFIC REGULATIONS. SOME COUNTRIES ALSO IMPOSE RESTRICTIONS ON BUSINESS DEALINGS WITH CERTAIN ENTITIES AND INDIVIDUALS. SONEPAR COMPLIES WITH ALL APPLICABLE LAWS GOVERNING INTERNATIONAL TRADE.

WHAT IS AT STAKE?

The **penalties** for violating these requirements are severe and may include large monetary fines, criminal prosecution. It also could be a **breach of financing agreements** to which Sonepar is a party.

- Comply with applicable import or export control regulations.
- Obtain from appropriate authorities any license required for the import or export of goods in a specific country.

- Turn a blind eye on exports which you have reasons to know are ultimately intended for a country or person under sanctions.

MORE INFORMATION

- Have questions or concerns? When in doubt, ask your manager or a member of the Legal, Risk & Compliance Network.
